

Dear Business Owner / Community Member,

The MATB Foundation was established to level the playing field in youth baseball for players, as well as, local recreation organizations. We are a 501(c)3 non-profit organization located in Anne Arundel County, Maryland. The MATB Foundation was created to promote the game of baseball in communities and to develop young baseball players. The goal of the MATB Foundation is to provide affordable baseball, through Grants and Scholarships, to youth baseball players in our community to help them afford the cost associated with today's competitive programs.

The MATB Foundation benefits leagues, high school programs, individual players, coaches, parents and families throughout the state of Maryland by:

- Providing Grants and Scholarships for the Rawlings A's Prospects
- Providing college scholarships
- Providing camp & clinic scholarships
- Providing high school and college counseling / mentoring
- Donating equipment to leagues, high schools & individuals

We are results driven and we are committed to the preservation of the game of baseball in our communities. Our success is demonstrated in the number of players we have helped go on to play in college every year.

Please help us to continue these efforts and expand our reach! Be a part of our baseball revolution by contributing to the MATB Foundation. Ways you or your organization can support the MATB Foundation:

- Sponsor a specific team or league
- Provide a scholarship for an athlete
- Donate equipment or field/facility time
- Donate or Attend a MATB Foundation event
